

SECTION THREE

STATEMENT OF OFFICIAL RESULTS

The following poll-by-poll results have been taken directly from the Statements of Official Results completed by returning officers in the 87 electoral divisions across the province.

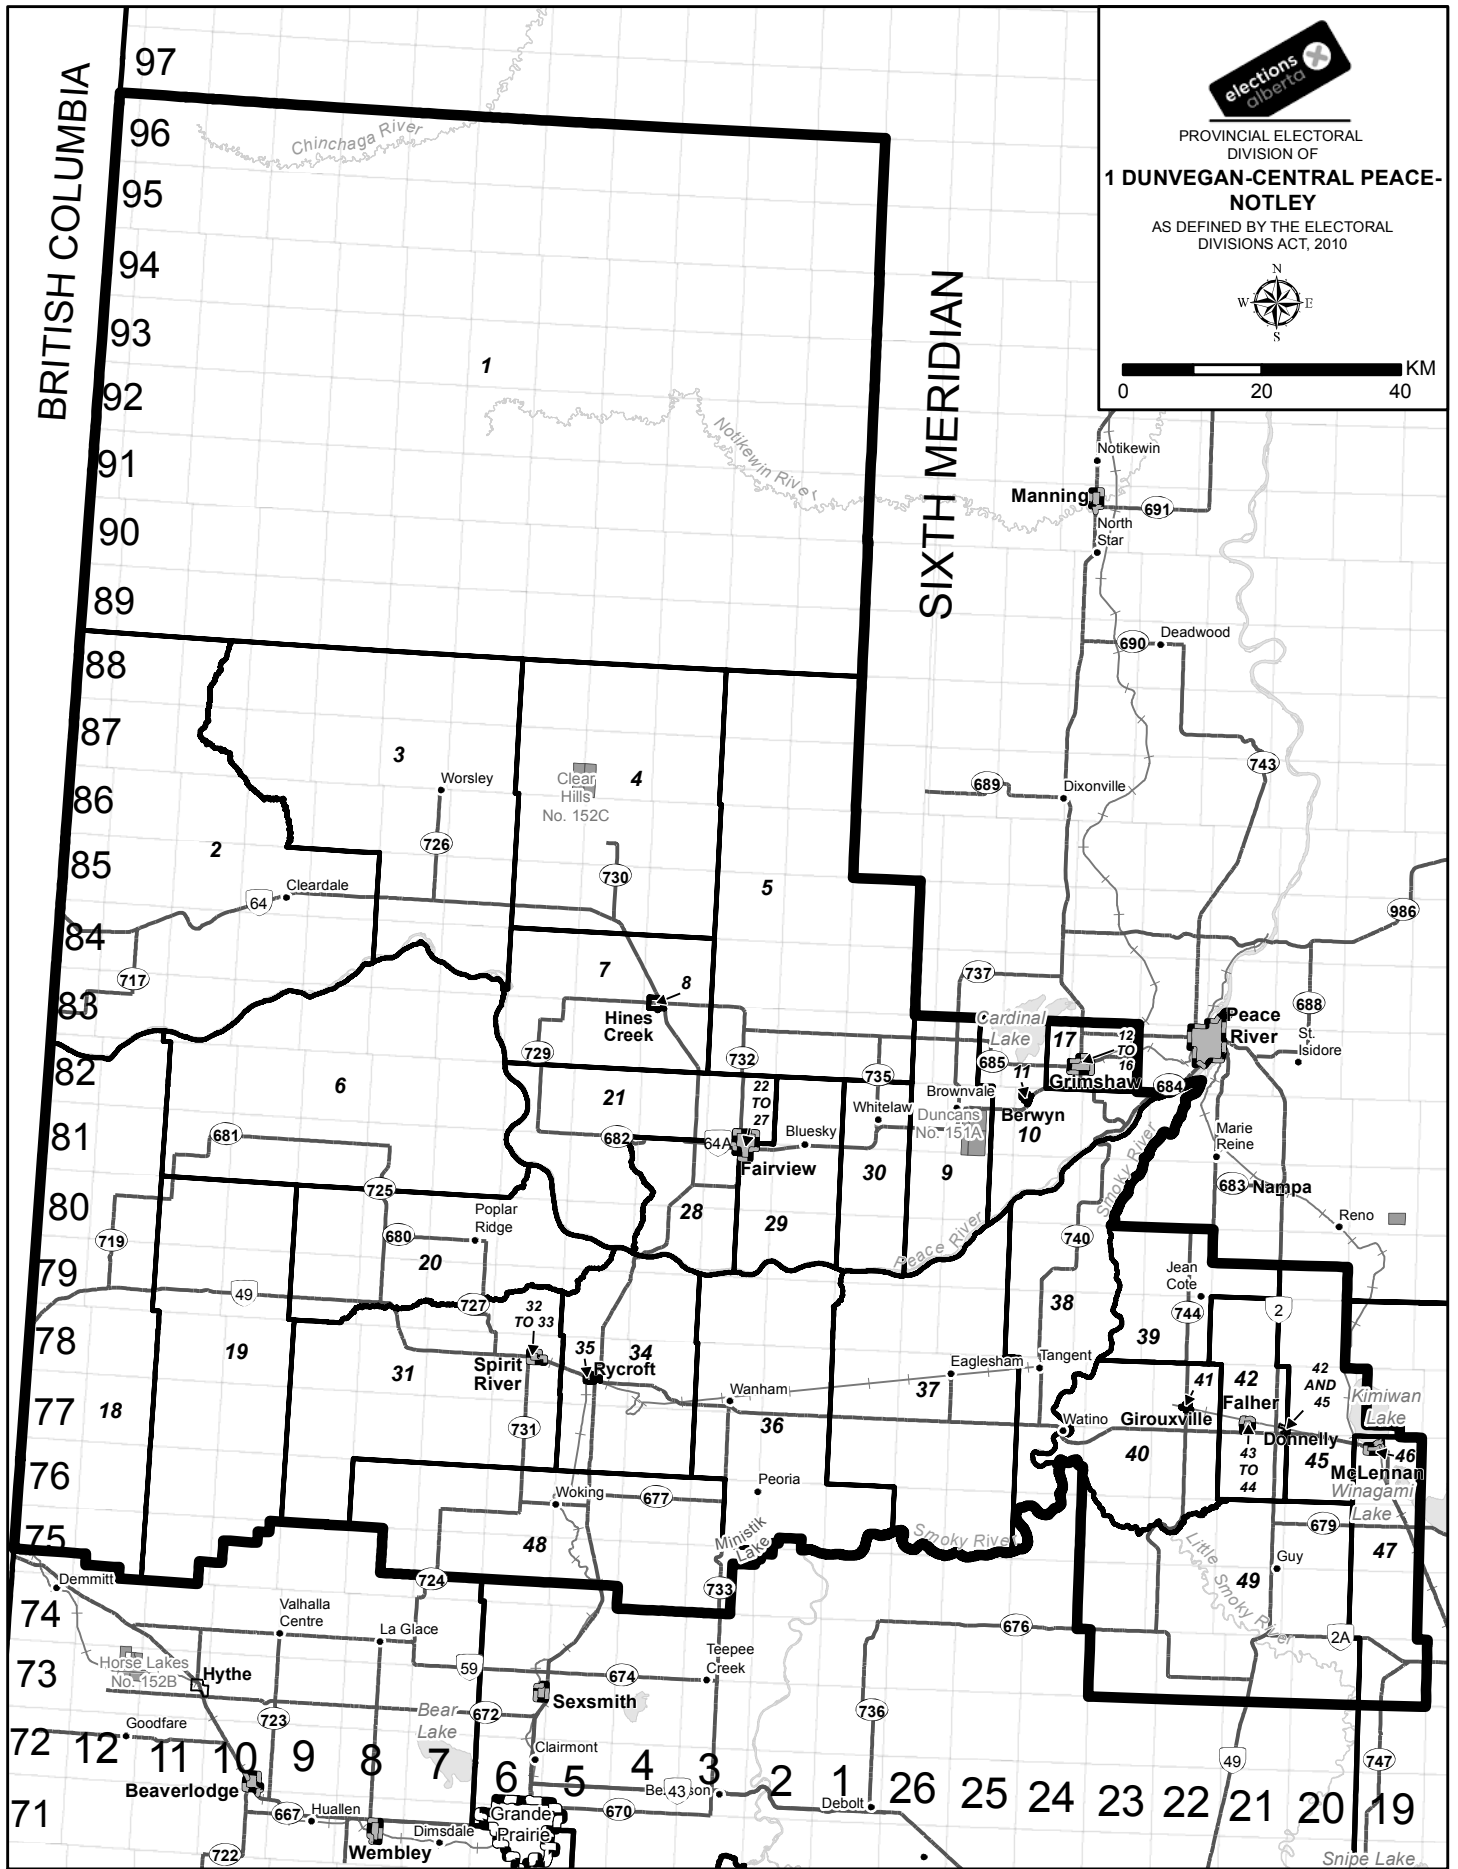

The maps shown are those described by the *Electoral Divisions Act*. The polling subdivision numbers refer to geographical areas identified on each of the maps.

Poll-by-poll results include the number of valid ballots cast for each candidate, along with the number of spoiled, declined and rejected ballots.

- Valid ballots are those that are clearly marked for one candidate in accordance with section 111 of the *Election Act*;
- Rejected ballots are those not counted because the elector's intent was unclear, no candidates or more than one candidate was selected, or readily identifying marks were added;
- A spoiled ballot is one that was marked incorrectly by an elector, who then obtained a replacement ballot from the deputy returning officer. Spoiled ballots are not placed in the ballot box for counting; and
- A declined ballot is one that was returned by an elector, who chose not to vote for any candidate listed on the ballot. Declined ballots are not placed in the ballot box for counting.

Poll-by-poll results display the number of eligible electors, including all electors who were on the March 2015 List of Electors, those who were added during the revision period, and those who were added by completing a Declaration of Elector on voting day. The percentage of voter turnout is calculated based on the total number of eligible electors at the close of polls on polling day.

Maps are available in electronic format at www.elections.ab.ca.
